Your Honor,

In their motion filed on 10 January 2022, Defendants motion surpassed the “25 page rule” by a page or two. As long as Your Honor is fine with it, Plaintiff has no objection.

However, given this allowance, Plaintiff moves to humbly requests and hopes that Defendants will not object, to be allowed to submit a Motion in Opposition that will rollover over this limit to a total of 26 & 5/8th pages.

Once this Court rules on Plaintiff’s subpoena request related to the time stamped privacy invasive ‘ping request’ that Defendants failed to supply Plaintiff during his pre-judicial FOIL requests which will be critical in establishing a time line for the matters in this case, should this Court allow a less than 2 page rollover Plaintiff will submit his Motion in Opposition.
